

Sunday

Neels, Anita, Jannie and Elise returned from a fruitful visit to the training centres in Africa. God has confirmed that Discipleship Training (DMT) should always be the core of FCE's vision; to make Christ known, to make followers of Christ and to teach freedom in Christ.

1

Monday

Daniel and Julia celebrate their miracle baby, Lina's first birthday. Their testimony of waiting for 12 years is one of hope. Join us as we pray for couples in FCE who are longing to have their own. Pray for hope and trust in God's plan.

Pray for Este who weekly meet with the women. It is a lifeline for the women who take care of their families despite of unfaithful husbands and rebellious children. Also pray for the weekly children's ministry where the children are introduced to the Word of the Lord.

15

Pray for the Day of Prayer for the Women of the Women's ministry in Malawi. The ladies gather to pray for the salvation of their families and the restoration of their communities. Thank the Lord for these faithful women and pray that they will learn to trust Him more.

Daniel and Julia are departing from SA to visit their family in Germany and to attend in the Europe Conference. Lately they were restricted whenever they wanted to depart from airports because of an unresolved issue with their permits. Trust God to intervene supernaturally.

Permits and Visas remain one of our biggest challenges. We declare that the Lord is not limited to space and restricted by border crossings. Pray for faith and trust as many of us are crossing into countries to train, teach and serve. Pray also for the finances needed.

Pray for the teachers at Gateway School in Zambia to continue to train from a Biblical perspective. These children carry the light into their homes and villages. Ask God for teachers who care and are committed to make Christ known through their teaching.

Pray for the body of Christ who are serving in countries where they cannot freely proclaim their faith. Pray that they will be strong amidst persecution and hardship. Pray that they will perceive His way and His purpose through difficult and challenging situations.

27

The DMT in Kalungu is well on its way. The discipleship training is combined with practical agricultural training. The students are being equipped to go back to farm their own piece of land and to become self sufficient. Thank God for the faithful coordinators.

Unfortunately Simon from the Sudan could not attend the Leadership Conference in Malawi as his passport was stolen at the airport when he had to depart. It was a huge disappointment. Continue to pray for him as he cares for the children in the South Sudan.

Continue to pray for guests at the King's Highway Rest camps in Namibia and Malawi and the King's Highway Campsite at Kalungu. Tourism is slowly picking up in Africa and we are grateful as we use the income of our campsites to sustain the training centres.
